SOPHIE WAKE

I am a fine art painter and ceramicist based in Devon UK. My work explores the mystery of being human, seeking to reveal something of the unseen dimensions that quietly shape our lives. Our wish for freedom, happiness and a movement towards our ultimate liberation.

Created from original paintings on paper or canvas, my cards offer retailers a distinctive collection that speaks to a growing desire for authenticity, meaning and beauty. They carry a sense of depth, wonder and joy.

Distinctive, thoughtful and richly evocative, the collection is particularly at home within galleries, museums, independent retailers and curated lifestyle stores, where customers seek beauty offering both artistic integrity and emotional connection.
